12th Annual Westmorland Golf Benefit at Glenway

Submitted by Dave Blouin

It’s time to sign up for the 12th Annual Westmorland Golf Benefit at beautiful Glenway “Country Club” on Saturday, Sept. 12. The golf format is a 9-hole best ball scramble. Rates are $30 for adults, $20 for youth (12 and under) for golf and prizes (carts are extra). The rates for the event are reduced this year as we are not currently planning a lunch buffet and post-event prize giveaway on the patio at the course unless health restrictions are lifted later this summer. We’re excited that we can still play golf for the benefit but the current restrictions make it too difficult to safely meet as a group at Glenway. We will try to come up with an alternate site to gather to at least give away prizes after the event.

Download the fillable PDF registration form at www.westmorland-neighborhood.net and email complete form to burroak15@gmail.com.

The number of golfers is limited so please sign up soon.

Business sponsors are needed to help make this WNA Benefit successful; sponsors receive benefits including free ads and promotion plus free golf and lunch. Current sponsors or donors include: Brett Larson Real Estate, Glass Nickel Pizza, Silverline Digital Printing, Faith Morledge – Sprinkman Realty, Dybahl Design Group, Hair Studio, Luigi’s, Madison Parks/Glenway Golf Course, Village Bar, and Lakeview Veterinary. We can’t thank our sponsors enough for their support!

Contact Dave at 608-220-4040 or burroak15@gmail.com for details.

Independence Day Wrap-up

Submitted by WNA Board

Thanks to everyone who participated in the July 4th “Parade”. It was so great to see how many neighbors decorated houses and bikes, and came out to safely enjoy the day with fellow neighbors. Go to https://www.facebook.com/Westmorland. Neighborhood/ to view all of the submitted photos.

Westmorland has a neighborhood-only e-mail listserv for occasional messages. To join, send a blank email to: wna1941+subscribe@googlegroups.com
Dear Neighbors,

I hope you are all doing well during these extraordinary times. Summer has arrived and it has been wonderful to see our neighborhood out and about, working on their gardens, biking around the neighborhood, coming together and showing kindness to each other. You are also showing resilience and flexibility as social events such as our beloved Fourth of July celebrations have been reimagined to keep our community safe in this time of social distancing.

As we experience two world and society-changing events together, the pandemic and the Black Lives Matter movement, the Westmorland Neighborhood Association Board is open to hearing your creative ideas on ways we can support each other and work together as a neighborhood and as part of the larger Madison community.

The WNA Board is also looking for neighbors to fill vacant positions including a database manager, neighborhood communications, an adult social events coordinator, a children’s social events coordinator, and a garden tour coordinator. We are also searching for new WNA board members who value collaboration and want to make beneficial changes within our neighborhood. Keep an eye on neighborhood communications (website, facebook, listserv, email) for additional information. If you are interested in being on the WNA Board or any of the above positions, please feel free to contact me or any board member.

May you all have a wonderful summer! We look forward to hearing your creative ideas as we develop new ways to come together as a community during these unprecedented times.
Healthy Lawn Team

*Submitted by Claire Gervais*

Healthy Lawn Team adult and teen volunteers pulled an extensive and growing expanse of periwinkle in Westmorland Park this spring. Certainly periwinkle is a lovely plant in our home gardens, but it was crowding out native species like trillium, Soloman’s seal, and wild ginger in the park. Our sweat equity was worth it after seeing the large piles at each pulling session and now the native species filling in!

Red dock, Blue dock

Lately we’ve tackled a smattering of dock plants - some burdock and other varieties. Thanks to a long parade of volunteers digging them out over the last 9 seasons, dock plants are scattered and manageable.

Neighborhood News

🌿 The **3800 block of Winnemac Avenue** welcomed **Hannah Eich** on February 9, 2020. Hannah’s family includes her big sister **Emmaline** and parents **Margaret and Darin**.

🌿 The **400 block of Caromar Drive** welcomes **Brittany and Mike Hansen**, and their cats, to their new home at **449 Caromar**. They moved here from Cleveland, Ohio on July 1st for positions in the health care field. Mike is a neurologist working at the University of Wisconsin Hospital and Brittany is a genetics counselor.
Westmorland Park 4th of July Fireworks Displays

For over 40 years, the Westmorland neighborhood’s annual 4th of July celebration included a fireworks display that was enjoyed by thousands of people. Even today, there is always someone who will approach the history committee’s 4th of July display tables who wants to reminisce about the fireworks display held in the park on the fourth.

The Westmorland Community Association (changed to the Neighborhood Association in 1999) was formed in the spring of 1941 and the first order of business was to plan for a neighborhood 4th of July gathering. The celebration was held in vacant lots at the corner of Westmorland Blvd. and Birch Avenue. The final event of the day was a small fireworks display put on by fathers from the neighborhood for the benefit of the children (at that time there were less than 150 homes in the neighborhood and only 55 families that had paid the fifty cents dues to be members of the association). World War II prevented any fireworks displays at the 1942-1947 annual 4th of July picnics due to gun powder needed for the war effort. The 4th of July all day event was moved to the new Westmorland Park in 1944 and fireworks became a part of the 4th of July celebration again in 1948. A professional pyrotechnic company was hired to provide the fireworks and set them off. The Courier reported that approximately 6,000 attended the 1949 event and most of them stayed for the fireworks display that evening. At that time, the Westmorland Park display was the only one held in Madison. In 1950, the Madison Lion’s Club began to sponsor a fireworks event at Vilas Park.

Through the 1950s and 1960s, the attendance at the Westmorland Park fireworks was always between 4,000 and 5,000 people according to police reports. As the cost of conducting the fireworks show continued to increase every year in the 1970s, collection barrels were scattered around the park and board members walked through the crowd to collect donations to put toward the cost of the fireworks. The Courier reported in 1975 that $1,400 was collected for the fireworks display that year. Damage claims for minor injuries and property damage from falling fireworks ash were first reported in 1977.
leading to an increase in the cost of liability insurance required for the display. In 1978, $1,840 was collected to put toward the cost of the fireworks. Donations for the fireworks were first collected from local businesses in 1979 and the total amount collected from all donors rose to $3,096.

By 1981, red, white, and blue Fourth of July fireworks collection canisters were visible in all the local businesses in the Westmorland neighborhood. The cost of the fireworks was $2,530 (for the fireworks, insurance, snow fence around the launch area, city permits and fees, extra police officers and city parks department staff present) in 1981; $2,925 was collected for that year’s display and put in savings toward future years. The costs continued to rise through the 1980s to an annual total cost of $3,000-$4,000.

A “Preserve the Westmorland Park Fireworks Fund” was established in 1982 with donations from local businesses to ensure that the neighborhood association could cover the annual increasing costs of the fireworks display. Major contributors were M & I Bank of Hilldale, Pepsi-Cola Bottling Company, Nicolet Instrument Corporation, Budd’s Standard Service, the Evjue Foundation and American Family Insurance Company.

The Westmorland board had serious discussions about not continuing the annual 4th of July celebration in the spring of 1986. A decrease in the number of volunteers, increasing costs for liability insurance—including a new city requirement to provide a minimum of $500,000 liquor liability in city parks or shelters for large gatherings at a cost of $1,100 for one day, city permits and fees increases, and the increasing number of people attending the daylong event were all factors that drove the board’s discussion. An article in the Wisconsin State Journal by William Wineke, on April 7, 1986, titled “Insurance woes may mean final July 4th show” covered the issues that the board was facing. The board’s final decision was to continue the event, for at least one more year, for what turned out to be the last year of the fireworks displays. Planning for the 1987 event brought forward even more discussion about the continuation of the fireworks displays. After the 1986 event, the city police department expressed its concern that the size of the crowd attracted to the park for the fireworks was too large for the area, the number of illegal fireworks being released in the crowd was a safety hazard and the fireworks shooting area was too small. The board’s decision to discontinue the fireworks was finally made in May. The decision received extensive coverage in both of the Madison newspapers. Article titles included “User fees spoiling Fourth celebrations”, “Westmorland plans to halt fireworks”, Madison’s red tape irks neighborhood”, “City bureaucrats put out spark of Westmorland fireworks”, and “Adding up the costs subtracts Fourth fun”. One of the articles indicated that the day long event and fireworks display at night annually attracted more than 10,000 people to the park. A corporate sponsored fireworks display, begun at Elver Park in 1985, helped satisfy the interest in fireworks on the westside of town.

Even with the discontinuing of the fireworks since the last display in 1986, every year Westmorland residents still look forward to the Westmorland 4th of July celebration and the events that are held to bring neighbors together for a fun filled day.

Thousands of Westmorland neighbors gather to watch the 4th of July fireworks display, circa 1970s.
WNA positions in need of skilled volunteers

Database Manager
The Database Manager oversees Westmorland Neighborhood Association’s data storage and retrieval system. This role ensures the safety of stored data by implementing security to protect neighbor information (from the membership form). This person will upgrade the databases as needed, install and test new software, and run back-up programs to prevent the loss of any data. The Database Manager will also assess WNAs needs in regards to data storage and access and create databases to meet those needs.

Current initiatives for this role include:
- Creating a way to auto-fill membership form with data from the previous year’s entry
- Create predefined queries that a board member can easily pull (e.g., email distribution lists for block captains)
- Migrate our current database to a database we currently subscribe to (HOSTPAPA)

Note: Because there is some heavy front-end work with this role, there will be a stipend provided in two installments (work started and work completed) for the initial setup listed above in “current initiatives”.

Neighborhood Communications
Desired skills
The Communication Coordinators will organize activities that are designed to raise awareness for various issues, events or topics that would pertain to Westmorland neighbors. Some examples would include communicating about the 4th of July, Halloween, Santa Visits and also include responding to inquiries from neighbors. The following attributes would be desired:
- Able to lead and sync neighborhood communications, promote neighborhood events and raise awareness via the following platforms:
  - Facebook communications
  - Gmail for general email communications (sending out WNA board messages or replying to neighborhood questions)
  - Gmail Listserv for WNA posts
  - Mailchimp to send mass communications to our neighbors
  - Wordpress for timely WNA website updates
  - Comfortable with either retrieving audience information from database or requesting that information from the WNA Database Manager
  - Interest in photography and video to add to various communications
  - Graphic arts skills

Can you help?
Please give your time and talents to help Westmorland Neighborhood Association keep this neighborhood great!

Dane County Executive
Since the beginning of the COVID-19 pandemic, we’ve known that this virus was going to be with us for a long time. That knowledge, however, has not made dealing with it any less painful.

We’re all understandably tired of this virus and the impact it’s had on our lives – physically, emotionally and economically. Unfortunately, however, COVID-19 is still with us, and it’s no less dangerous or contagious today than it was back in March.

Recently, we’ve seen a surge in cases. This surge reminds us we need to remain vigilant and continue to focus on preventing the spread of the virus.

In order to get and keep COVID-19 back under control, we all need to continue practicing strict adherence to public health guidelines. Wearing a mask, staying six feet apart, washing our hands, and avoiding large gatherings all help keep us and our community healthy.

We need to remember and reinvigorate the spirit and approach that brought us success at the beginning of this outbreak. By working together, as a community, we were able to rally together and flatten the curve. We took care of our neighbors, and we got a handle on the spread.

We must all continue to do our part to protect each other and ourselves. We can keep the virus under control, but it will require everyone in our community doing their part and paying attention to public health guidelines.

Getting a handle on the virus will take all of us working together for the greater good. We’ve done it before, we can do it again.

Working with Alvarado Real Estate Group

"Alvarado Real Estate Group has been fantastic to work with both selling our home and buying a new one. They made a complicated process accessible and have been transparent and honest the whole time. Moreover, they are a socially conscious organization that provides valuable support in the community. 100% recommended!"

MadiSUN Solar Program

Submitted by Morgan Kamholz

MadiSUN is a program sponsored by the City of Madison to make going solar easy and affordable. Since 2016, the MadiSUN Group Buy Program has helped homeowners across the area install solar-electric systems on their rooftops. Nearly 150 households have gone solar thanks to the program's simplicity, reduced price, and customer service.

MadiSUN also offers incentives for business, nonprofits, and affordable housing providers. Check out madisunsolar.com to learn more about how to go solar!
City of Madison Recycling Guidelines Refresher

Submitted by Beth Erlandson

We all know the rules for our recycling bin, right? In case you have ever hesitated to recycle something because you were in doubt, get answers to almost any question about recycling in Madison at: [https://www.cityofmadison.com/streets/recycling/guidelines.cfm](https://www.cityofmadison.com/streets/recycling/guidelines.cfm)

Among the details you will find:

- Plastic bags may be placed in your bin as a “bag of bags”, but not loose.
- Styrofoam (or polystyrene) should NOT be placed in your bin, but can be recycled at the streets division drop-off sites. (No packing peanuts)
- Nearest drop-off site: 1501 W. Badger Rd
- You can get a free 3 x 5 magnet that covers the recycling basics by calling 266-4681.

Recycle More. Recycle Right.

- Keep clean and dry
- Avoid bagging
- Keep cart lid closed

**PAPER**

- Magazines
- Newspaper
- Office Paper
- Cartons

**PLASTIC**

- Deli Containers
- Clamshell Packaging
- Containers #1 - #7
- Bottles (lid ON)
- Dairy Tubs
- Jugs

**GLASS**

- Bottles (remove caps)
- Jars (remove lids)

**METAL**

- Aluminum cans/pans
- Empty aerosol cans
- Pots & pans
- Steel tin cans
